

## Tamarina Golf Academy

Open since 2006. A 43,000 square meters dedicated instructional facility adjacent to the clubhouse. A panoramic driving range and the services of a PGA Pro provide for practice opportunities and individual tuition

**Featuring:** Dedicated driving range  
Outdoor hitting bays  
Private practice area  
Putting chipping green  
Bunkers with state of the art technology

Tamarina academy has been specifically created to enhance the learning environment while incorporating the natural beauty of the surrounding area.

The natural grass practice tees and greens are manicured to P.G.A. standards allowing you to develop new skills in the shortest possible time.

### Golf Academy Technology

Personal instruction at Tamarina academy is complemented by the latest teaching technology including comparative video analysis where your swing video is split-screened with some of the best players in the game of golf. Each of your filmed sessions will be recorded along with instructional voice-over to act as an ongoing source of guidance and inspiration after you leave Tamarina academy.

We offer golf sessions for groups, adults, kids or individual lessons. All parts of the game are covered including the full swing, short game, and trouble shots, putting techniques.

If there are certain areas of the game you wish to spend more time on, simply communicate with our professional.

**Video** and on course analysis provided with prior booking.

Our success hinges on the fact that our teaching staff sincerely cares that you improve. Our relaxed teaching structure allows you to work and have fun at your own pace, whatever your level of ability!

Beginners and intermediates are just as welcome as are lower handicappers.
