SPA MENU

**AVI is sunshine in the language  
of our island home.  
A synonym for happiness, joy, and pleasure.**

A stunning over water escape, AVI Spa is inspired by raw nature, the whimsy of water, the psychology of natural light and sound play and a touch of the colors of sunshine.

We believe in a hopeful, inspirational world where innovating with natural materials connects people with nature.

Our goal at AVI is to provide more than a physical experience. We seek to deliver a profound and transformational experience with a synergy of global indigenous health principles, and European organic botanicals with a good dose of heart felt attention.

Shredded coconut swirled with mango, warming spices, wildflowers, berries and fresh herbs. *Eminence Organics* the signature brand of AVI Spa is one of the global leaders in organic skin products, using sustainable farming and green practices to create natural, organic and Biodynamic® products since 1958.

Like food for the skin, seeds, pulps and peels impart regenerative and healing powers that only nature can produce, combined with pure waters drawn from a thermal hot spring lake containing minerals and trace elements found nowhere else on earth.

AVI presents pure, premium, all natural treatments in a menu designed with focus on our guests' individual needs.

We invite all Spa guests to enjoy our thermal suites including steam rooms, ice fountains and an outdoor vitality massage pool. All treatments begin with a mineral rich detoxifying grapefruit and lavender foot cleanse, yogic breathing and a meridian tapping ritual to slow the mind and prepare for the treatment.
